

Assisted Living & Supportive Housing

55 years and older

Overview

Community Care Durham's Assisted Living Services (ALS) and Supportive Housing (SH) services address the needs of high-risk seniors residing at home.

Through the provision of personal support, homemaking, regular social interaction, security checks and reassurance services, ALS and SH services can help to reduce unnecessary and/or avoidable Long-Term Care admissions and Emergency visits by supporting high risk seniors to live safely and independently at home.

What is provided by the Assisted Living and Supportive Housing services?

- Personal Support Services: Includes dressing, personal hygiene, assisting with mobility, monitoring medications, and other routine activities of daily living.
- Homemaking Services: Includes shopping, light meal preparation and light, client-centered housecleaning services that support clients to maintain personal independence safely at home.
- Security Checks: Security visits or reassurance calls to assure health and safety on a scheduled and unscheduled 24/7 basis.
- Care Coordination: Includes coordinating all elements of client care.

Clients Supported

Acceptability for Assisted Living services is determined by the Central East Local Health Integration Network Home and Community Care (HCC) Division, which refers clients to Community Care Durham. Eligibility for CCD's Supportive Housing services is based on residency at Sunrise Seniors Place or Faith Place.

Limitations

Clients must live within a 5km radius of the Assisted Living office or be residents in the Supportive Housing Sunrise/Faith Place building to receive service.

Program Locations

Assisted Living services are offered in various settings, including seniors' apartments, social housing buildings or even in a senior's own home from hub locations in Pickering-Ajax, Whitby-Oshawa and Clarington. In Durham Region, CCD provides Supportive Housing services at Sunrise Seniors Place and Faith Place, located in the City of Oshawa.

Availability
