

Domain #10

Community, Relationships, and Partnerships

 **Pursuing Excellence,**
Stepping into the future with pride!

10.1

The organization informs funding bodies, other service providers, and/or the general public about the organization and its services.

10.4

Formal and informal community partnerships and joint initiatives are sought out and engaged in by the organization.

10.2

When communicating with the community or its networking partners, the organization is timely and responsive.

10.5

The organization is involved in systems-improvement advocacy at local, regional, provincial, and national levels, as appropriate.

10.3

To assist service users when there is an intersection of issues, the organization pursues sector, cross-sector, and community-service networks in order to learn from other agencies, organizations, and professionals.

10.6

The organization demonstrates social responsibility with its actions.
